

You are invited to a Group One Pedigree Workshop January 19th in Saratoga Springs!

G1 Goldmine presents a pedigree workshop in Saratoga Springs on January 19th, 2018.

The session is **hands-on training**, so you will need to bring your laptops or tablets to run through the exercises. Each session will be limited to **12 participants** and will run for 3 ½ hours with a meal break.

Sessions: Saratoga Springs Friday, January 19th 10am

A highlight of the workshop is a presentation by Dr. Beth Miller, who has written a research paper entitled **Identifying Superior v Under Performing Thoroughbreds utilizing Goldmine's 4x4 profiles**. The paper uses Goldmine's unique 4x4 profiling technology to provide a statistical analysis that identifies certain factors that increase and decrease the chances of breeding or buying a fast or slow horse. One factor increases your chances of breeding or buying a *slow* horse by **30** times, and almost *50% of million-dollar yearlings sold in the past 14 years have this slow factor*.

Keystones of the new workshop include:

1. Research paper: Dr. Beth Miller's presentation analyzing over 290 G1 winners worldwide, utilizing 4x4 profiles to identify the positioning and combination impact of red/green/gold cells
2. Million-dollar yearlings: Why are most of them slow?
3. **STORM CAT** inbreeding - 2x3, 3x2, 3x3, 3x4, 4x3, male/female strains. Which pattern is poor and which pattern is producing an outstanding **18% SW/Runners**?
4. **MR PROSPECTOR** inbreeding - 2x3, 3x2, 3x3, 3x4, 4x3, male/female strains
5. Which major sireline is a disaster with **A.P. INDY** line mares?
6. Super-crosses emerging in 2017
7. Negative crosses emerging in 2017
8. Who is the best stallion in the world today? TAPIT? GALILEO? WAR FRONT?
9. Inbreeding to full and 3/4 brothers is potent - Fact or fallacy?

The registration fee for the workshop is only \$175, but the fee will be applied to your subscription as follows:

Goldmine Pro users: An additional three months will be added to your current sub
Goldmine current users: Your sub will be upgraded to a three-month Goldmine Pro
