To: The Honorable Kathy Hochul, Governor of the State of New York Members of the New York State Legislature

On behalf of the Board of Directors of the NYS Thoroughbred Breeding and Development Fund, I am pleased to present this report for 2022.

The state's breeding industry bucked the nationwide trend of declining foal crops, experiencing an increase in the number of foals dropped on our farms and witnessing record wagering on Thoroughbred racing in the state. NY-breds at auction proved popular once again in every state where they were offered for sale. These are important indicators for the equine industry, which drives more than \$3 billion in economic activity in the Empire State.

The Fund board was guided at every juncture by its mission statement, "to support by monetary incentives the responsible breeding of quality Thoroughbred racehorses in keeping with the founding legislation to preserve New York's irreplaceable farmland."

The Fund is a pass-through organization that collects revenue from Thoroughbred racing and Video Lottery Terminals operated at Thoroughbred tracks, and quickly directs 91% of its revenue back to participants in the industry through awards, purse enrichment and research conducted by the Zweig Fund at Cornell University, as well as by promoting the industry in various media. To that end, in the past year the Fund has made considerable strides in assuring that its revenues are used responsibly and efficiently. The Fund expects to build on these initiatives in the future to assure that the revenues entrusted to it will be expended to their maximum effect. I expect further initiatives to be undertaken to study the efficacy of the present legislative funding formula.

In those ways, the Fund fulfills its mandate to contribute to the health and growth of the Thoroughbred industry in New York.

Sincerely, Brian O'Diger

# **Executive Review**

#### By Tracy Egan, Executive Director

This past year marked 49 years since the NYS legislature created the New York Thoroughbred Breeding and Development Fund Corporation as a means to encourage the breeding of Thoroughbred racehorses on land that was in many cases falling off local tax rolls as dairy farms shuttered, or land that was being covered with houses due to suburban sprawl.

Not only are the people served by the Fund helping to achieve our mission of protecting "irreplaceable farmland," but the horses produced by the state's breeders are proving themselves both desirable purchases in the auction ring and highly capable racehorses worthy of our mission-statement description of "quality."

That quality is what has made New York State's breeding program the undisputed leader of all state-bred programs. Boyd Browning, President of Fasig-Tipton, North America's oldest Thoroughbred auction company, proclaims:

"The New York breeding program continues to be the finest in the United States. It encourages participation at all levels of the Thoroughbred industry, from breeding to racing. In addition, it provides a huge economic boost to the state through jobs and taxes, and importantly encourages owners to race NY-breds in the state where they were born."

The programs run by the NYSTBDF can boast that in 2022:

- Eight NY-breds won 12 graded stakes races.
- The foal crop experienced a small increase to an even 1,500, bucking the national trend of declining foal crops.
- The number of Thoroughbred farms in the state increased to 264.
- NY-breds earned \$94 million worldwide.
- The Fund set the example of respect for ex-racehorses through a record spend with Thoroughbred aftercare facilities that provide sanctuary and aid in their transition to a new career.
- The Fund was once again the largest contributor to the Zweig Fund at Cornell, which conducts important research into issues that affect equine health and safety.

The combination of more than \$42 million in restricted purse money, plentiful chances to race in restricted company, and an enviable awards program have made NY-breds a must own for any racing stable.

#### **GRADED STAKES**

Perhaps the most important illustration of their improved quality is how well NY-breds perform at the opencompany stakes level. New York-breds had another outstanding year in 2022, accounting for 12 graded stakes wins. These are the kind of achievements that the Board of Directors envisioned when it re-worked the Fund's mission statement in 2011 to call for "the responsible breeding of *quality* Thoroughbred racehorses."

Additionally, the three New York-bred Showcase Days have now earned a permanent place on the NYRA calendar due to their competitive fields and popularity with bettors.

#### NY-BREDS AT AUCTION

The long-term expansion of the New York bloodstock market for all three sales sectors remains unflagging. In fact, total sales for all three groups of sale horses once again set records in 2022. Yearlings generated \$34,655,500 in total sales (up 4.0% from 2021). two-year-olds brought \$24,391,200 (up 38.1% from 2021), and weanling sales totaled \$7,440,500 (up 27.9% from 2021).

An additional boost for breeders at every level comes from the fact that 2022 median prices for the three sales sectors met or exceeded all-time highs. The 2022 yearling median price of \$35,000 matched the record (set in 2018), two-year-olds in 2022 matched the prior record median price of \$40,000 (also set in 2018), and weanlings posted a new top median price of \$32,500.

Average prices were also strong. Two-year-olds brought \$90,000 on average in 2022, up 31.0% over the prior year to set a new record. The yearling average of \$66,011 is the second-highest ever (trailing only the 2018 figure of \$67,747), while weanlings posted a third-best average price of \$49,603 (following a top performance of \$53,403 in 2017 and \$50,868 in 2018).

The fact that New York-breds had their most successful year ever at auction in 2022 in terms of total sales is an extraordinary achievement taken in context. During the years 2020-2022, Covid-19 upended life, travel and the economy, and in 2020 all three New York-bred sales sectors were decimated, above all the two-year-olds, whose springtime auction season was most severely disrupted. First, in 2021, the New York-bred bloodstock market come roaring back. New York-breds then upped the ante in 2022 to enjoy a record-breaking year.

One final piece of sales news from 2022 calls for special comment. At the Fasig-Tipton Midlantic Two-Year-Olds in Training Sale in Timonium, Md., a New York-bred colt was hammered down for a record-shattering \$3.55 million. While a handful of New York-bred broodmares, accomplished race mares, one yearling and two juveniles have crossed the seven-figure threshold in recent years, this multi-million-dollar transaction was truly stunning, grinding to powder whatever may have remained of the glass ceiling for New York-breds at auction.

#### **BECOMING A NEW YORK-BRED**

For the second year in a row, breeders were able to take advantage of two significant changes in our rules regarding mare residency.

First, any mare purchased at public auction for \$50,000 or higher is now allowed to come to the state within two weeks of the end of that auction and deliver the foal she's carrying. She is then allowed to go out of state to be covered, but must return within the new limit of 120 days following her last cover. If that sales mare delivers a second foal under these rules, both of the foals can be registered as NY-breds. If she fails to have a second New York foal, the original foal may become a registered NY-bred for the purposes of running in NY-bred races, but will not be eligible to earn breeder awards.

Only Thoroughbreds registered by the Fund by virtue of meeting the residency, breed-back rules and inspection requirements can be entered in races exclusively for NY-breds run at race meets held by the New York Racing Association and Finger Lakes Gaming and Racetrack. Similarly, only registered NY-breds can generate awards for their breeders, owners and stallion owners. NY-breds can also run in any "open" races in the state and around the world.

Those who buy and own racehorses appreciate that with a NY-bred there will be more chances to earn money. Our horses can win a maiden race, any number of claiming races and two NY-bred restricted allowance races before turning around and running in the same allowance conditions against open company. That earnings

potential, combined with the fact that NY-breds can do well wherever they compete, resulted once again in impressive numbers in the sales ring (read about NY-breds at auction elsewhere in this report).

#### REVENUE

For the ninth straight year, the Fund received the full statutory amount of 1.50% from VLTs operated at Resorts World Casino New York City. A review of financial statements shows that the Resorts World VLT payments now account for approximately 47% of the Fund's total revenue of \$20,264,601.

#### AWARDS AND PURSE ENRICHMENT

As of this writing, the Fund expects to pay \$15.7 million to breeders, owners and stallion owners whose registered NY-bred horses finished first, second or third from Jan. 1 to Dec. 31, 2022 at New York tracks.

These awards help our stakeholders pay feed bills, school and property taxes, and their employees. These and other spends made by our stakeholders, combined with funds from equine pursuits and Thoroughbred and Standardbred racing, contribute more than \$3 billion to the agricultural, entertainment, sporting and tourist segments of the state economy.

This 2022 annual report of NY-bred accomplishments on the racetrack and in the sales ring includes the total disbursements in the Breeding Fund's three incentive areas--breeder awards, stallion awards, and open-company owner awards. Additionally, it contains the performance results of New York-breds on the track and an analysis of the success of the New York State Thoroughbred Breeding Program.

We also look at how:

- Other states' Thoroughbred breeding programs compare with that of the Empire State
- The Fund helps foster demand for off-track Thoroughbreds and promotes aftercare for retired Thoroughbreds
- How the Fund advertises the merits of the New York breeding and racing products

The reader will find on our website the results of the 2021 Harry M. Zweig research report from Cornell University. When the 2022 Zweig report is published and provided to the Fund, we will update this annual report on our website to reflect the latest equine research performed at Cornell with the support of more than \$405,292 in 2022 from the Fund.

# **Financial Review**

Under founding statutes, the Fund receives revenue from on-track and off-track Thoroughbred handle in New York, and breakage from regional off-track wagers.

Total handle accounted for 23 percent of operating revenue in 2022 and 2021, while breakage accounted for 1.5 percent and 2 percent of operating revenue for 2022 and 2021, respectively.

The Fund obtained an additional contractual source of revenue from Video Lottery Terminals (VLTs) at Finger Lakes Gaming and Racetrack beginning in 2004, which provided approximately 7 percent of total operating revenue for 2022 and 2021. Further enhancing Fund revenues, Resorts World Casino New York City began operation of VLTs at Aqueduct Racetrack in late 2011. Statutory revenue received from this operation was approximately \$9.5 million in 2022 and \$9.1 million in 2021, or 47 percent and 46 percent of total operating revenue, respectively.

The VLT recapture for 2022 of \$2.6 million allows the Fund to maintain 2013 Resorts World VLT revenue levels adjusted for inflation, and resulted in a 66 percent combined percentage from all VLT revenue sources in 2022 versus 65 percent in 2021.

Effective January 1, 2014, legislation provided for the Fund to receive revenues from Advanced Deposit Wagering (ADW) sources. Total ADW revenue accounted for 8 percent and 9 percent of total operating revenue for 2022 and 2021, respectively. The total 2022 operating revenue of approximately \$20.2 million was slightly higher than the 2021 figure.

With this healthy revenue picture, the Fund was able to pay out 100% of all breeder, stallion and owner awards earned in 2022. The Fund also authorized a 10% supplemental award to all 2022 award earners (pending Board approval) and \$300,000 in purse enrichment specifically to support the New York Stallion Stakes Series conducted by the New York Racing Association. These funds also allowed the Board of Directors to provide an additional \$200,000 to the Finger Lakes to enhance purses for NY-bred runners during 2023.

				% of Operating	% of Operating
	2022	2021	% change	Revenue - 2022	Revenue - 2021
Breeders	\$10,954,678	\$11,081,782	-1.1%	54.1%	55.5%
Stallion	2,291,136	2,510,016	-8.7%	11.3%	12.6%
Owners	2,393,688	2,276,159	5.2%	11.8%	11.4%

	\$17,707,847	\$17,650,748	0.3%	87.4%	88.4%

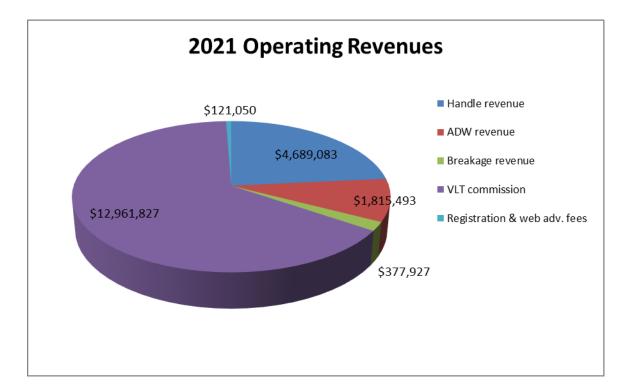

By closely monitoring administration and promotional expenses, the Fund was able to remain below the statutory spending caps of 5 percent and 6 percent, respectively, in 2022. Administration expenses of \$960,971 represented 4.7 percent of total operating revenues in 2022. Promotional expenses of \$1,211,201 represented 6 percent of 2022 total operating revenues, and includes \$204,900 in promotional support for aftercare facilities or organizations in New York State. Statutes dictate that the Fund pays the Harry M. Zweig Memorial Fund of

Cornell University 2 percent of its operating revenues to fund equine research. The amount payable to Cornell University for 2022 is \$405,292. The 2021 amount was \$399,308.

# Mares & Foals

#### **Mares & Foals Report**

New York Thoroughbred farms welcomed an even 1,500 Thoroughbred foals in 2022. That is an increase of only eight foals from the 2021 figure, but significantly it bucks the downward trend that's been seen since the highwater mark of 51,296 North American foals was achieved in 1986. The 2022 foal crop estimate from The Jockey Club is 18,700, down from 19,200 in 2021. The JC will revise the 2022 estimate in February of 2023. The factors behind the decades-long declines are easily pegged to the closing of more than 40 racetracks since 2000 and the trend by most tracks to run fewer days per year. Further, breeders across the board openly lament the flight of buyers to the most expensive Thoroughbreds offered each year and the near-vanishing of the middle market.

The 2022 NY foal crop is more than 22% higher than the pre-VLT low of 1,225 foals in 2011. The need to increase the size of the state's foal crop was among the reasons the Fund board made changes to the state's breed-back rules in late 2020. Readers can find details at www.NYBreds.com under 'Mares' -> 'Resident and Non-Resident Mares.'

One of those rule changes allows non-resident mares purchased for \$50,000 or more at public auction to come to New York within two weeks of the end of the sale and foal here, without the normal requirement of non-resident mares that they be bred back to a NY stallion. These sales mares are instead allowed to leave the state after foaling to visit the stallion of their owner's choice, provided that they return to NY within 120 days of their last cover and have a second NY foal. The rule change was made in acknowledgement of the fact that NY sires stand for only up to \$8,500 (in the case of Mind Control, a new stallion for 2023) and it would not be a good business decision to send a mare in foal to a high-priced KY stallion to a moderately priced NY stallion. Thirty-six such sales mares came into NY for the 2022 foaling season, adding to the previous year's number of 46 public auction mares sold for more than \$50,000 that came to NY to foal. So 82 presumably high-quality mares have joined the ranks of the New York State Thoroughbred mare population.

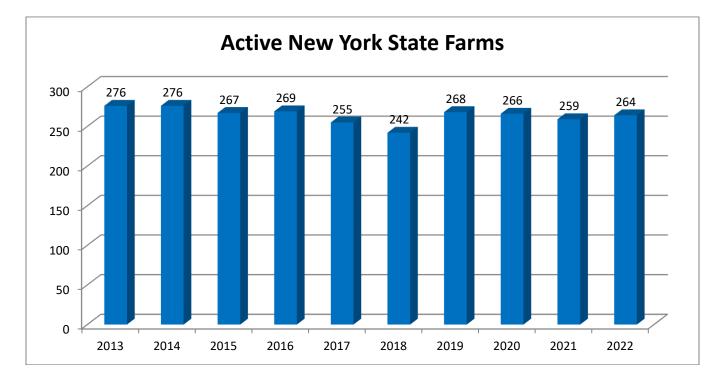

The chart below shows that, for the fourth year in a row, more New York foals are sired by out-of-state or nonregistered stallions standing in NY than by stallions registered with the NY Thoroughbred Breeding and Development Fund.

Total foals: 1,500 Sired by reg. NY stallions: 581 (38.7%) Sired by out-of-state or non-registered NY stallions: 919 (61.3%)

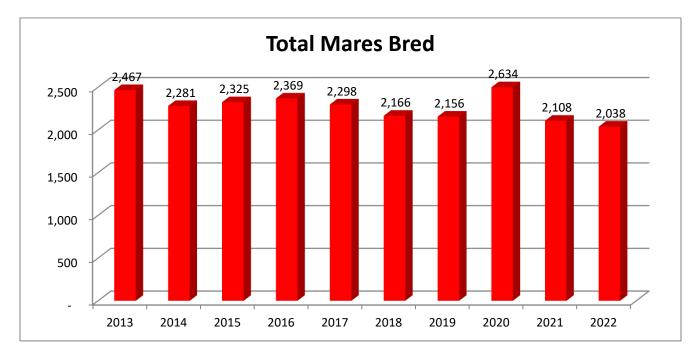

Please see the graphs on the following pages for further statistics on mares and foals in the state for 2022.

# Stallion Report

The New York stallion roster included 43 stallions registered with the Fund. Eight of them were new to the state:

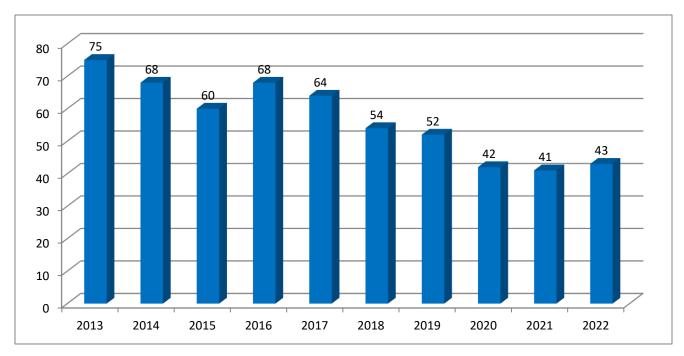

- Combatant
- Galilean
- Hangover Kid
- Joevia
- Rascal Cat
- Son of Thunder
- Venezuelan Hug
- Waiting

Sadly, Majestic City, a son of City Zip that stood at Irish Hill Century Farm, was suffering from "worsening complications of laminitis" following the breeding season and had to be humanely destroyed. His last crop of foals will hit the ground in 2023.

Solid dirt sire Central Banker topped New York stallions again in 2022 with more than \$4.5 million in progeny earnings. The son of Speightstown stands at McMahon of Saratoga Thoroughbreds. In second place with more than \$2.8 million in progeny earnings last year is War Dancer, who stands as a joint venture of Irish Hill Century Farm and Dutchess Views Stallions.

# **New York-Bred Auction Summary**

# NY-BREDS AT AUCTION: 2022\*

\*All sales data through December 31, 2021 comes from the *New York Fact Book*, published annually by The Jockey Club. All 2022 sales data comes from custom year-end sales reports produced by The Jockey Club exclusively for the Fund.

### **OVERVIEW**

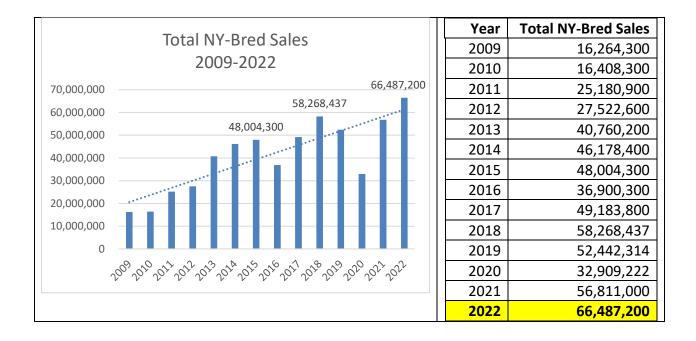

The long-term expansion of the New York bloodstock market for the three main sales sectors (yearlings, 2-yearolds and weanlings) is unflagging. In fact, 2022 was a banner year. Total sales for all three groups of horses set new records. Yearlings generated \$34,655,500 in total sales (up 4.0% from 2021), two-year-olds brought \$24,391,200 (up 38.1% from 2021), and weanling sales amounted to \$7,440,500 (up 27.9% from 2021).

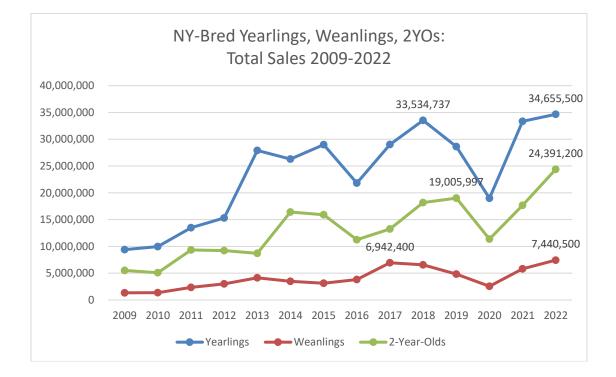

An additional boost in 2022 for breeders at every level is that median prices for the three sales sectors met or exceeded all-time highs. The yearling median for 2022 of \$35,000 matched the record yearling median set in 2018. The 2-year-old median met the prior record 2-year-old median price of \$40,000, also set in 2018. Weanlings posted a new top median price of \$32,500.

Average prices also came in strong. Two-year-olds brought \$90,004 on average in 2022, up a stunning 31.0% over the prior year to set a new record. The 2022 yearling average of \$66,011 is the second highest ever (after \$67,747 in 2018), while the weanlings posted a third-best average price of \$49,603 (following top performances of \$53,403 in 2017 and \$50,868 in 2018).

The fact that New York-breds had the most successful year at auction ever in 2022 in terms of total sales is all the more extraordinary given the context of these results. The 2018-2022 window captures as turbulent a time in the bloodstock industry (and beyond) as can be imagined. In 2018, New York-breds broke records in the sales ring, followed by an organic market correction the following year. What happened in 2020 was anything but normal. Covid-19 upended life, travel, the economy and Thoroughbred sales. All three New York-bred sales sectors were decimated. After life began to return to normal in 2021, all three sectors came roaring back with a vigorous rebound. Then, in 2022, New York-breds upped the ante by posting a record-breaking year.

2022	34,655,500	7,440,500	24,391,200

Some remarkable icing on this cake of New York-bred auction success in 2022 calls for particular comment.

Over the last decade, New York-breds have proven their quality and value in many ways, winning Grade 1 races, running competitively in the classics and Breeders' Cup, and producing quality Kentucky-based sires such as Upstart and Tiz the Law. We have also become accustomed in recent years to seeing a handful accomplished New York-bred race mares/broodmare prospects/proven producers fetch seven figures at auction. Truly exceptional mares have brought over \$2 million, including Discreet Marq (\$2.4 million) and Dayatthespa (\$2.1 million), both at the 2014 Fasig-Tipton November sale.

The perceived value of younger New York-breds has been a little slower to follow suit. The first \$1 million New York-bred yearling was Party Season, a half-brother to Upstart who sold in 2018 at the Fasig-Tipton Saratoga selected yearling sale. The same year, New York saw its first \$1 million juvenile at the Fasig-Tipton Gulfstream sale: Yale, a colt from the final crop of Scat Daddy out of Risky Rachel. In 2019, Chestertown broke new ground when he brought a sale record price of \$2 million as a juvenile at the 2019 OBS March sale.

In 2022 at the Fasig-Tipton Midlantic Two-Year-Olds in Training Sale in Timonium, Md., a New York-bred colt was hammered down for a record-shattering \$3.55 million, grinding to powder whatever may have remained of the glass ceiling for New York-breds at auction. (For more on this horse and the other seven-figure juvenile of 2022, see further below.)

### STATISTICAL REVIEW AND ANALYSIS by Sales Sector New York-Bred Yearling Sales in 2022

In 2022, 525 New York-bred yearlings changed hands via public auction, which is the third-highest number since 1991. The largest number of New York-bred yearlings sold in one year was 534 in 2013, and the second-largest number was 531 in 2021.

Historically speaking, the number of New York-bred yearlings sold at auction has increased over the decades. In the years 1991 to 2000, the annual average of New York-bred yearlings sold at auction was 277.9. From 2001 to 2010, the annual average rose dramatically, to 433.3. From 2011 to 2020, the annual average number of individuals climbed to 465.8.

Total dollar sales of New York-bred yearlings for 2022 came in at a record \$34,655,500, topping \$34 million for the first time. The previous record was \$33,534,737 in 2018. Total sales exceeded \$30 million only one additional year (\$33,334,200 in 2021).

The average and median prices for New York-bred yearlings in 2022 were likewise impressive. The average yearling price was \$66,011, second only to the \$67,747 average achieved in 2018. The 2022 median yearling price was \$35,000, matching the previous record for the New York-bred yearling median, also set in 2018.

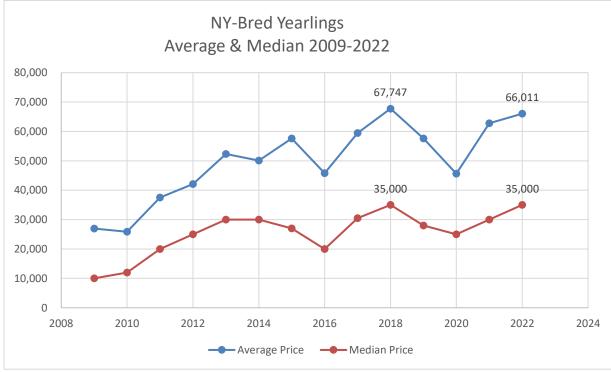

It should not be overlooked that the New York-bred yearling cohort of 2022 was conceived and foaled under the peak pandemic conditions of 2020 and 2021. Their success is a testament to the resilience, resourcefulness and nimbleness of New York's breeders.

#### New York-Bred Yearling Sales Year-to-year 2018-2022

From when VLT revenue was first injected into the New York racing and breeding programs to the present, the overall pattern of New York-bred sale results is exemplified by the yearling market, which has followed a strong upward trajectory marked by two main peaks (2015 and 2018) and two market corrections (2016 and 2019). A third peak occurred in 2022.<sup>1</sup> The year of maximum Covid-19 impact (2020) stands alone.

<sup>&</sup>lt;sup>1</sup> For reference, the VLTs at Resorts World New York were finally approved on September 13, 2010. NYRA announced its first purse hikes in September 2011, followed by the Fund's announcement in October 2011 of 50% across-the-board increase in breeder awards and substantial increases in the earnings caps. On October 28 the casino opened its doors. Also significant is Fasig-Tipton's addition of the Saratoga Fall Mixed sale in October 2012. See below under "Weanlings."

A closer look at the turbulent five-year window of 2018 to 2022 paints a remarkable picture of market crisis, rebound and expansion for the yearlings. As we shall see, the juveniles and weanlings track the same pattern.

Total New York-bred yearling sales enjoyed a peak in 2018 of \$33,534,737 (up 15.6% from the prior year), followed by a correction in 2019 to \$28,619,017 (down 14.7%). With the advent of Covid in 2020, sales dropped by a third, to \$18,987,400 (down 33.7%).

It is hard to overstate the vigor with which the yearling market bounced back. In 2021, yearling sales rose by 75.6% to \$33,334,200. Total sales increased yet again in 2022, up an additional 4.0% to a record \$34,655,500. As noted, in 2022 median and average followed suit, posting the highest and second-highest figures, respectively.

It is worth noting additionally that the 2022 renewal of the Fasig-Tipton Saratoga Preferred New York-Bred Yearling sale, which to many New York breeders is the most important auction on the calendar, met or surpassed sale benchmarks set in its most successful year prior year (2018), establishing a new record for total sales of \$20,175,000—the first time this auction cracked the \$20-million mark.

#### New York-Bred Yearling Top Achiever of 2002

Fasig-Tipton New York Saratoga Preferred New York Bred Yearling Sale (<u>Hip 573</u>) Georgie's Angel 2021 by Arrogate, bred by Kathleen Schweizer

The top-selling New York-bred yearling of 2022 was a dark bay or brown colt by Arrogate bred by Kathleen Schweizer. The youngster was purchased by Tom McCrocklin, Agent for Champion Equine, for \$700,000 at the Fasig-Tipton New York-Bred Preferred Yearling Sale. This represented a sale record, surpassing the previous high-water mark achieved in 2018 (a \$600,000 Pioneerof the Nile colt bred by Jonathan Thorne).

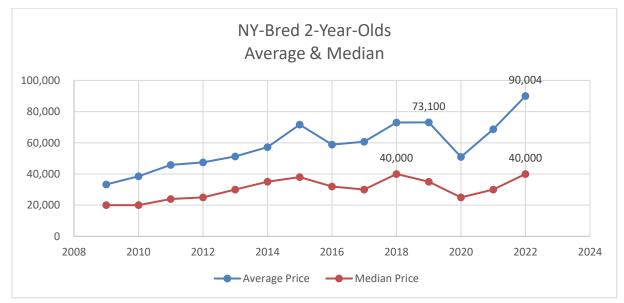

Foaled on April 17, 2021 at Longford Farm in Elmira and consigned by Eaton Sales on the farm's behalf, the yearling topper is out of Georgie's Angel, by Bellamy Road. A precocious Kentucky-bred runner, Georgie's Angel captured the Grade 3 Schuylerville Stakes in 2011 at Saratoga and was later purchased by Longford Farm with the sale colt in utero for \$75,000 at the 2020 Keeneland November Sale.

A half-sister to another stakes winner, Georgie's Angel has produced four winners from five foals to start, two of them juvenile winners. In a timely update, just before the New York-bred sale began, Cave Rock, a full-brother to the sale colt, won a Del Mar maiden special weight at first asking. (Cave Rock followed that win with victoried in the G1 Del Mar Futurity and G1 American Pharoah Stakes, and a second-place finish in the G1 Breeders' Cup Juvenile.) The colt's third dam Celmis is a stakes winner and multiple stakes producer. Georgie's Angel was bred to Connect in 2022. [Virtual Inspection].

#### New York-Bred 2-Year-Old Sales in 2022

As with the yearlings, the overall pattern for two-year-olds from 2009 to the present (i.e., the era of VLT-fueled purses and program awards) has been an upward trajectory marked by peaks (2014/2015, 2019) market correction (2016) and the outlier year (2020).

The New York-bred two-year-old contingent also followed the same pattern as the yearlings during the turbulent five-year window of 2019 to 2022, experiencing a peak (2018), correction (2019), Covid-related collapse (2020), rebound (2021) and new peak (2022).

For the two-year-olds, moreover, the new 2022 peak came with fireworks. As noted in the "Overview" above, a pair of seven-figure juveniles helped to catapult the auction results for New York-bred two-year-olds to giddy new heights, led by a Bernardini colt bred by Chester and Mary Broman who brought an unprecedented \$3.55 million at the Fasig-Tipton Midlantic Two-Year-Olds in Training Sale.

#### New York-Bred 2-Year-Old Sales Year-to-year 2018-2022

As to the details, the number of New York-bred two-year-olds sold at public auction in 2022 was 271, the second-largest number after 2014, when 287 were sold. Decade by decade, the number of New York-bred juveniles sold, as in the case of New York-bred yearlings, has increased substantially. From 1991 to 2000 the annual average was 140.5. From 2001 to 2010, the annual average increased to 196 two-year-olds. The average for 2011 to 2020 rose to 221.8.

For the years 2018 to 2022, the window began with robust receipts in 2018 (\$18,171,700) followed by a record high in total sales in 2019, at \$19,005,997. In 2020, the juvenile market, most active in late winter and early spring, was kneecapped by Covid-19, plummeting 40.3% to \$11,354,922 in 2020, the lowest total since 2013, when the juveniles brought \$8,704,400.

The 2021 recovery was dramatic in its own right, as the cohort posted a 55.5% increase in total sales, to \$17,658,700. It would, therefore, have been difficult to predict the success of 2022, when an additional 38.1% increase drove total sales to a record \$24,391,200. It should be noted that even after subtracting the two seven-

figure juveniles (who sold for \$4.55 million combined), total New York-bred juvenile sales would still have hit a record high in 2022 (\$19,841,200).

The outliers at the very top surely helped boost the average two-year-old price in 2022 to a record \$90,004 (up 31.0% from 2021) but, as with the total sales, even after the million-dollar horses are taken out of the calculation, the two-year-old average would have checked in at a record high of \$73,759. The previous record was set in 2019, when the group posted an average price of \$72,979. The all-important median price, which carries implications for the greatest number of New York breeders, recovered by 33.3% in 2022 to match the previous high of \$40,000, achieved in 2018.

#### New York-Bred 2-Year-Old Top Achiever of 2022

Fasig-Tipton Midlantic Two-Year-Olds in Training Sale (<u>Hip 385</u>) G Note 2020 (Hejazi), by Bernardini, bred by Chester and Mary Broman

Hejazi (named Berning Remarks when he went through the auction ring) had it all: a deep pedigree, exciting catalogue updates and a sizzling bullet work. When the dust settled on the bidding for this horse at the 2022 Fasig-Tipton Midlantic Two-Year-Olds in Training Sale, the classy-looking dark bay was the property of Amr Zedan's Zedan Racing, and Zedan's agent, Gary Young, had had to go to \$3.55 million to seal the deal.

A third-generation product of Chester and Mary Broman's premier breeding program and foaled at the Bromans' Chestertown farm on April 21, 2020, the star colt's pedigree page is studded with stars both past and present.

First dam G Note, by Medaglia d'Oro, is a juvenile winner in her own right and producer of three winners from three foals to start. The second dam, Grade 2 winner Seeking the Ante, produced four-time stakes winner Mineralogist and stakes-placed Risk a Chance, both successful producers. Mineralogist produced stakes winner Can You Diggit, earner of over \$400,000. Risk a Chance is the dam of Un Ojo by Laoban, a Triple Crown hopeful of 2022 who won the Grade 2 Rebel Stakes and finished second in the Grade 3 Withers. Third dam Antespend was a \$900,000 purchase by the Bromans at the 1997 Keeneland two-year-old sale. An eventual multiple Grade 1 winner and \$1 million earner, she went on to produce Grade 1 Florida Derby winner and sire Friends Lake.

Chester and Mary Broman's breeding program also produced the other member of the New York-bred sevenfigure juvenile club in 2022. At Ocala Breeders' Sales Company's 2022 March Sale of Two-Year-Olds in Training, Rule Breaker, by Into Mischief out of Artemis Agrotera, brought a cool million from Spendthrift and BSW/Crow Colts Group (<u>Hip 277</u>). The Bromans retained an interest in the colt.

# **New York-Bred Weanling Sales**

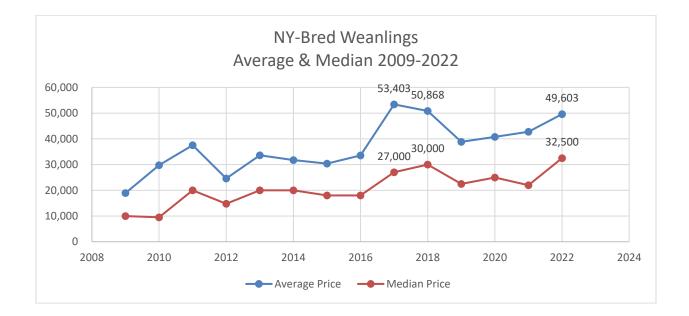

The New York-bred weanling market is numerically the smallest of the three sectors and, year-to-year, the most variable.

Overall, the weanling sector experienced its initial post-VLT peak relatively early, in 2013, rising 37.6% from the prior year to \$4,131,600. This early peak is presumably linked to Fasig-Tipton's addition of the Saratoga

Fall Mixed sale to its auction calendar in 2012. An experiment in its first year, the sale established itself relatively quickly as a lucrative pinhooking venue for weanlings. Breeders, too, seemed to welcome the opportunity to sell foals without needing to ship out of state.

After the 2013 surge, total receipts for New York-bred weanlings hovered around \$3.5 million for three years before enjoying a second surge in 2017 to 2018.

#### New York-Bred Weanling Sales Year-to-year 2018-2022

In 2017, weanling sales rose 81.5% over the prior year, to \$6,942,400. Another very strong year followed in 2018, with \$6,562,000 in total sales. The back-to-back successes in 2017 and 2018 were not, as it turned out, sustainable, and were followed by a market correction in 2019 in which the weanling market actually lost a quarter of its value (down 26.6%). Worse was yet to come.

In 2020, under the pressure of Covid-19, the weanling sector bottomed out. Numerically, the cohort was decimated, as only 63 individuals sold (down 49.2% from 124 in the prior year), and gross sales dropped to \$2,566,900 (down 46.7%), a level not seen since 2011.

As dramatically as the weanling market declined in 2019 and 2020, the sector rebounded with matching vigor. In 2021, the group recovered by 126.7% in total sales, to \$5,818,100. In 2022, the group was back to breaking records, producing a new peak.

A total of 150 New York-bred weanlings sold in 2022, a record high (after the previous record of 144 in 2006).<sup>2</sup> The group also posted a record high in total sales of \$7,440,500, and a record high median price of \$32,500. The average weanling price of \$49,603 was the third-highest on record (after the 2017 record of \$53,403 and strong \$50,868 average in 2018).

<sup>&</sup>lt;sup>2</sup> As has been the case for yearlings and juveniles, the numbers of New York-bred weanlings at auction have increased decade to decade. The span of 1991 to 2000 saw an annual average of 84.2 New York-bred weanlings sell at public auction. From 2001 to 2010, the annual weanling average rose to 98.8. From 2011 to 2020, the annual average was 108.1.

#### New York-Bred Weanling Top Achiever of 2022

Keeneland November Breeding Stock Sale (<u>Hip 953</u>) Sweet Love 2022, by Candy Ride, bred by Joe Fafone

The top-selling New York-bred weanling in 2022 was a colt by Candy Ride that sold for \$250,000 to Cavalier Bloodstock at the Keeneland November breeding stock sale. Bred by Joe Fafone and consigned by Eaton Sales, agent, the colt is the fourth foal out of the unraced Any Given Saturday mare Sweet Love.

Sweet Love is a full-sister to graded stakes winner and \$661,130 earner Adventist, and half-sister to stakes winners Dijeerr, Isn't He Clever and Sharp Writer. She has already produced two New York-bred winners from three foals to race: the Brody's Cause gelding B C Glory Days and the Candy Ride colt Tin Pan Alley, who cost \$295,000 at the Fasig-Tipton Select Yearling Showcase in 2020. She is also the dam of the two-year-old Malibu Moon filly Luna Loca, who went for \$60,000 at this year's OBS April sale.

#### CONCLUSION

For more than a decade, the New York-bred bloodstock market has exhibited strong and healthy upward trend lines in total sales, average price and median for all three sectors of sales horses. Year-to-year we have seen peaks and corrections within the sectors, but there is an overall pattern of growth.

In 2020, the New York-bred sales marketplace—along with the national bloodstock market—underwent the most serious stress test imaginable, posting dramatic declines across the board. When more favorable conditions prevailed in 2021, all three sectors rebounded with remarkable vigor.

Crucially, the sales results for New York-breds in 2022 illustrate not simply a case of rebound and recovery in the wake of severe market stress. After recovering lost ground in 2021, New York-breds went on to break records in 2022, reaffirming New York's status as the most successful regional breeding program in the country and showcasing a vibrant market with room for ongoing expansion and growth.

# New York-Breds at the Races

Winter, spring, summer or fall – it didn't matter the season in 2022, with New York-breds competing in and winning some of North America's most prestigious races.

Eight Thoroughbreds bred and raised in the Empire State won at the top level in 2022, collecting 12 graded stakes on the flat and over jumps while racing from Arkansas to Florida, Kentucky to California and of course right at home in New York.

Gainesway Stable's homebred **Spendarella** led the way, winning a Grade 3 in March, a Grade 2 in April and a Grade 1 in August. The wins came at three tracks – Gulfstream Park, Keeneland Race Course and the Del Mar Thoroughbred Club – and by the time the year was out the daughter of Karakontie (JPN) had won four of five and racked up \$596,459 in earnings.

Foaled at Sequel Stallions NY in Hudson, Spendarella also finished second in the Group 1 Coronation Stakes at the prestigious Royal Ascot meeting in June.

Trainner Graham Motion said the Royal Ascot effort "proved she is a Grade 1 filly," and Spendarella proved him right two months later in the Grade 1 Del Mar Oaks. Motion extolled the filly's qualities that led to her success all season, including after her victory in Grade 2 Appalachian Stakes in April at Keeneland.

"She's made me look good," Motion said. "She just does everything so easily. She's such a professional, she's a fighter – she obviously loves it. ... She makes me look smart."

Another homebred, the gray steeplechase mare **Down Royal**, did the same for her connections in 2022.

Called a "princess" by her trainer and co-breeder Kate Dalton, Down Royal capped a four-race win streak dating back to the summer of 2021 with a victory in last year's Grade 1 A. P. Smithwick Memorial Steeplechase at Saratoga. The victory in the Smithwick, one of the top jump races on the National Steeplechase Association calendar each year, was one of three in four starts during 2022 for the daughter of Alphabet Soup, who was foaled and raised at McMahon of Saratoga Thoroughbreds in Saratoga Springs.

Dalton and her husband Bernie are a team effort when it comes to the gray mare owned by Joe Fowler's Shadowfax Stable. Kate trains and Bernie rides, mornings for training and afternoons for racing. Down Royal won \$90,000 for her victory in the Smithwick and the Daltons collected an additional \$27,000 in breeder awards.

"You don't even dream of days like this. I had seen her as a chestnut filly with a white blaze about three or four months old at McMahon's and she's been the apple of my eye ever since. Daddies and their girls, I guess," Bernie Dalton said after the Smithwick. "I loved her mother. I couldn't win a stake with her mother. This mare was very much like that until a year ago. It's a credit to her, that mare comes in every spring and wants to train, never ever says no, always happy to be back in the barn, always happy to go to the races.

"For the last two weeks she's been like, 'I'm bored. Let's go somewhere. Let's do something.' They speak to you, if you listen. It's the New York-bred in them. It's the New York style, baby. Bring it."

Down Royal earned filly and mare champion honors from the NSA by season's end and was a finalist for an Eclipse Award as champion steeplechaser of 2022.

**City Man** stayed on the script of getting it done from start to finish when he capped his 2022 campaign the same way it started – with a stakes victory against open company. City Man won the Grade 2 Fort Lauderdale Stakes on New Year's Eve at Gulfstream Park for owners Reeves Thoroughbred Racing and Peter and Patty Searles, almost eight months removed from winning the Danger's Hour Stakes at Aqueduct. Between those victories the son of Mucho Macho Man, originally sold as a weanling for \$20,000 at the Fasig-Tipton Saratoga fall mixed sale, won the Grade 3 Forbidden Apple at Saratoga and Ashley T. Cole and Mohawk during the Belmont at the Big A meeting.

City Man is expected back in 2023 for a six-year-old campaign starting in the Grade 1, \$1 million Pegasus World Cup Turf in late January at Gulfstream.

Four New York-breds competed on racing's biggest stage at the Breeders' Cup World Championship at Keeneland, including Trinity Farm's ageless gelding **Red Knight** in the \$3 million Longines Breeders' Cup Turf.

The now-9-year-old homebred Pure Prize gelding earned his spot in the Turf after his best season yet with victories in the Grade 2, \$1 million Kentucky Cup Turf Stakes at Kentucky Downs and the Colonial Cup Stakes at Colonial Downs. Red Knight earned \$410,255 in 2022 to push his career bankroll past \$1.2 million over six seasons.

New York-breds also factored in the lead-up to the Triple Crown. Cypress Creek Equine's **Un Ojo**, a son of the late former New York-based leading freshman sire Laoban, shocked the more than 31,000 fans on hand at Oaklawn Park with a victory in late February in the \$1 million Grade 2 Rebel Stakes, putting his name in the mix for the spring classics. The one-eyed gelding had previously finished second in the Grade 3 Withers Stakes at Aqueduct before returning from a long layoff to finish fourth in the Woodchopper Stakes at Fair Grounds.

Un Ojo ended the year as the leading New York-bred earner with a bankroll of \$660,250, with City Man (\$498,570), **Somelikehotbrown** (\$496,680), Spendarella (\$463,675) and **Les Bon Temps** (\$462,260) rounding out the top five.

Somelikeithotbrown, already recognized with multiple New York-bred championships, was another of the open-company stakes winners in 2022 after his victory in the \$707,545 WinStar Mint Million Stakes at Kentucky Downs.

Two other New York-breds scored Grade 3 victories in turf sprint stakes – **Dancing Buck** in the Belmont Turf Sprint at the Belmont at the Big A meet and **Robin Sparkles** in the Grade 3 Caress at Saratoga.

Robin Sparkles' victory for owner Michael Schrader came about three months before she was sold as a broodmare prospect for \$450,000 at the Keeneland November breeding stock sale. Bred by Hibiscus Stables and foaled at Waldorf Farm in North Chatham, Robin Sparkles also topped open company in the Politely Stakes at Monmouth Park and retired with a record of nine wins, two seconds and three thirds in 18 starts, for \$531,793 in earnings.

A pair of New York-breds also finished the season high in the standings of North America's leading horses by victories: **Exit Right**, a gelding by Effinex bred by perennial leading New York breeders Chester and Mary Broman; and **Ernie Banker**, a gelding by two-time leading New York sire Central Banker bred by Andy Beadnell. Each won eight races in 2022 to finish in a tie for third most wins. Exit Right earned \$201,550 and Ernie Banker took home \$196,717 on the season.

New York-breds competed in 70 restricted stakes worth \$10,050,000 in purses in 2022, and juveniles made their mark in those races and also by venturing into open company.

Chester and Mary Broman's homebred **Arctic Arrogance** followed his victory in the Sleepy Hollow on Empire Showcase Day with a gritty runner-up finish in the Grade 2 Remsen Stakes at Aqueduct, setting up a 3-year-old campaign with eyes on classic preps in New York.

Acoustic Ave, bred by the Bromans, campaigned by Reeves Thoroughbred Racing and trained by Christophe Clement, ended the season on a three-race win streak after doubling up at Finger Lakes in the Aspirant and New York Breeders' Futurity before taking the Notebook in late November at Aqueduct.

The New York Stallion Stakes Series – which features 10 stakes worth \$2.3 million – continued to show strength and produce quality winners. Les Bon Temps added the \$500,000 Fifth Avenue division of the NYSSS to her victory in the \$200,000 Maid of the Mist on Empire Showcase Day. The daughter of the late Laoban led all two-year-old fillies bred in New York in 2022 with a 3-for-6 record and \$462,260 in earnings.

Seacoast Thoroughbreds of New England's homebred Central Banker colt **General Banker** also scored a memorable victory in the Great White Way division of the NYSSS in mid-December, scoring his first victory in eight starts in the \$500,000 event.

In addition to Spendarella, the 3-year-old division proved especially deep with the likes of Fleet Indian winner **Fingal's Cave**, Kentucky Oaks starter **Venti Valentine**, Empire Distaff winner **Let Her Inspire U** and Breeders' Cup Filly and Mare Sprint starter and Bouwerie Stakes winner **Sterling Silver**.

The three-year-old male division was just as tough. **Barese** compiled a record of 3-2-2 in 10 starts, including wins in the Albany on Saratoga Showcase Day, New York Derby at Finger Lakes and the Rego Park and Gander to start the season at Finger Lakes.

The season was also filled with stellar performances in New York-bred stakes on the grass.

City Man led the way in the Mohawk Stakes on Empire Showcase Day, which also featured a victory by Lawrence Goichman's homebred filly **Runaway Rumour** in the Ticonderoga Stakes on the turf. Big Apple Showcase Day saw **Giacosa** win the Mount Vernon and **Ocala Dream** take the Kingston, both on the turf at Belmont Park.

**Bankit**, already recognized as champion New York-bred older dirt male in 2021, built on his seven-figureearning career in 2022 with victories over fellow state-breds in the Thunder Rumble division of the NYSSS at Aqueduct, Evan Shipman Handicap at Saratoga, and Commentator Stakes at Belmont. The now-7-year-old son of Central Banker headed into his 2023 campaign with more than \$1.2 million in earnings, the latest New Yorkbred millionaire on a list of more than 30 to date.

Another seven-figure earner who raced in and won a state-bred stakes in 2022 was Somelikeithotbrown, last year's champion turf male who took the West Point Stakes at Saratoga.

Joe and Anne McMahon and Hidden Brook Farm's **Bank Sting** continued her dominant run in the older filly and mare division in 2022, winning the La Verdad against state-breds to open the season before an opencompany score in the Heavenly Prize Invitational. She later won the Dancin Renee at Belmont along with runner-up finishes in the Grade 3 Go for Wand, Iroquois and Critical Eye Handicap.

#### **State & Regional Comparisons**

#### **New York**

The public showed its support for NYRA racing products in 2022, with NYRA reporting \$2.32 billion from all-sources wagering.

While the Fund only receives revenue from money wagered on-track or through NYRA Bets, these sources noted a 9.2% increase over the 2021 handle, with a reported \$266,978,634 wagered on 201 race days (six race days were cancelled due to inclement weather).

More than \$42 million in purse money was directed at NY-breds at NYRA and Finger Lakes Gaming and Racing.

The attractive purses coupled with incentives provided by New York's Thoroughbred Breeding and Development Fund continued in 2022 to make the New York program the envy of other states. The Fund responded to increased competition for the broodmares so critical to foal-crop size by maintaining changes made to mare residency requirements late in 2020 (details at <u>www.NYBreds.com</u>).

Here's a look at what some other regions and states are doing to maintain or improve their Thoroughbred breeding programs:

#### Ontario

The Mare Purchase Program that is part of Ontario Racing's Thoroughbred Improvement Program was such a success in 2021 that the TIP brought it back in October 2022, recruiting mares for their 2023 foaling season by offering a total of \$800,000 to mare owners. The program, which is available to Ontario residents who purchase an in-foal mare at a recognized public auction outside of Ontario, offers a rebate of 50 percent of the purchase price, up to \$25,000 CAD. No single breeder, partnership or corporation can collect more than \$75,000 from this incentive program in any given year.

The administrators of the Ontario Thoroughbred Improvement Program believe that these incentives for attracting mares and stallions to the province are working. The TIP points to 2022 improvements in two significant categories:

- The 402 live foals in 2022 represent a 12% increase from the 2021 figure.
- The four new stallions in 2022 brought the total number of stallions standing in Ontario to 42.

#### Indiana

For the third year in a row, the Indiana Thoroughbred Breed Development Program offered incentives worth up to \$2,000 for new mares foaling in the state. To be eligible for an incentive of \$1,000, an in-foal mare due to foal in 2023 had to be purchased at public auction for a minimum purchase price of \$2,500 (down from \$5,000 in 2021). The new owner must provide proof of purchase, and the mare could not have been previously

registered with the Indiana Thoroughbred Breed Development Program. Further, the mare must be registered with the Indiana Horse Racing Commission prior to foaling, and must foal in Indiana and remain for at least 30 days after foaling. The owner is eligible to collect an additional \$1,000 incentive by breeding the mare back to a stallion registered with the Indiana Horse Racing Commission, returning the mare to foal in Indiana the following year, and registering that foal with the IHRC.

#### Kentucky

As 2022 drew to a close, there were signs that support was growing to legalize sports betting in Kentucky. Lawmakers will have to decide on the issue in a shortened 26-day session that starts in February 2023.

Sports betting did pass in the Kentucky house last year, but it was killed in the state Senate. If approved, Kentuckians would also be able to legally play online poker. This is a significant event in a state that has long boasted gambling only on horse racing, and where the purses are the envy of horse racing jurisdictions everywhere. The bill under consideration would protect horse racing interests by allowing the state's racetracks to set up two retail sportsbooks and one online betting platform each (something that was not done in New York).

Historical Horse Racing (HHR) has been legal in the state for two years, and it protects the generous revenue stream that allows Kentucky to offer the richest daily purse structure in the nation. HHR is also praised for contributing billions to the state's economic development, agribusiness and tourism in the state.

#### Maryland

The Maryland Horse Breeders Association has initiated new incentives to lure mare owners to Maryland farms and the courts of the state's stallions.

First, starting this past year an additional 10% breeder bonus was instituted (for a total of 40% to all Maryland-sired and Maryland-bred Maiden winners in MD).

Second, starting with Maryland-bred foals of 2023, there will be a tiered breeder bonus system that rewards the state-bred offspring of Maryland sires:

- 35% breeder bonus to Maryland-bred foals sired by a Maryland sire
- 25% breeder bonus to Maryland-breds finishing 1<sup>st</sup>, 2<sup>nd</sup> or 3<sup>rd</sup> in all overnight races

Also, starting in January 2022 the bonus percentages for all stakes in Maryland (except for those on Maryland Million Day) were increased to 30% for breeder bonuses and 10% for stallion bonuses, paid for first-, second- and third-place finishes.

#### Pennsylvania

The Pennsylvania breeding program is funded by one percent of handle. The state's breeding program pays 40% awards to PA-sired PA-breds for first- through third-place finishes. This mimics the NY program, which offers double awards to NY-sired award earners. In June, the Pennsylvania Horse Breeders Association announced that the pandemic would not affect the award rate.

Pennsylvania allocates up to 12% of slots tax funding to the Race Horse Development Fund, which pays for purses, breeder incentives, drug testing and enforcement activities, according to Education Voters of Pennsylvania. An education group in 2021 commissioned a poll that concluded taxpayers would prefer to end support for horse racing and breeding, and would prefer to provide free college education at state schools. The PA Equine Coalition points out that support for the industry does not come from taxpayers but rather from casinos and track owners. The horse racing industry is estimated to support some 20,000 jobs in the Keystone State.

#### **U.S. Foal Production**

\* "Foal crops are estimated based on the Report of Mares Bred, scheduled to be filed by Aug. 1 of each breeding season. Foal registration is to be completed within 12 months of the birth of the foal. However, late registration is available for an additional fee, making actual foal crop counts impractical before Dec. 31 of the crop's two-year-old year, the time by which the vast majority of the foal crop has been registered."

# Promotion, Advertising & Aftercare Report

The goal of the Breeding Fund's promotion and advertising spends is to encourage people to buy, breed and race NY-breds. That participants in the industry are aware of the advantages we've been promoting was underscored last fall on the eve of the Fasig-Tipton mixed sale in Saratoga, when noted consignor Francis Vanlangendonck observed to the crowd at a Fund-sponsored educational symposium that "anyone who doesn't know how good the New York programs are lives under a rock."

Despite the dearth of rock-dwellers, we have to continue to urge people to act on that knowledge by buying and breeding NY-breds, and to help make sure that investors in breeding and racing are not embarrassed by negative aspects of the industry that can serve as a barrier to ownership.

That's where the nearly one million dollars spent by the Breeding Fund over the last decade with aftercare facilities comes in: as individuals and as an industry we must strive to ensure that the animals we bring into the world, that we train to trust us enough to step into a cold metal gate and then burst out to gallop like the wind, have safe landings when it's time to leave the race course for a second career. If the animal has sustained injuries that prevent a second career, then sanctuary must be provided.

In 2022, the Fund spent more than \$200,000 with aftercare facilities. That brings our support for aftercare to more than \$928,315 since we made our first spends in 2011.

It was uplifting to see aftercare entities and individual breeders work with together in September 2022 to protect 43 Thoroughbreds from possible slaughter. The Fund's Executive Director worked with several facilities approved by the Thoroughbred Aftercare Alliance, Take2, NYTHA and a couple of small rescues to make sure that 43 mares that were being sold at an auction known to be frequented by kill-buyers went to safe homes. It was a challenging few days for everyone involved, but between all of the above and a few horse-loving breeders, every single mare had a safe landing.

2022 advertising dollars were spent promoting the benefits NY-breds receive as a result of the awards provided by the NY Thoroughbred Breeding and Development Fund, the opportunities to race in restricted state-bred races offering purses enhanced by purse enrichment provided by the Fund, and ads to spread the word about new mare residency rules aimed at recruiting quality mares to the state.

The Fund provided commercials and video content to NYRA that were aired on Fox Sports, which carried racing from Aqueduct, Belmont and Saratoga. Those videos can also be seen on the Fund's YouTube channel, where they've been viewed more than 50,000 times.

Early in 2022, NYRA announced that beginning in 2023 the Belmont Stakes, third leg of the Triple Crown, will move from NBC to Fox under a contract that extends through 2030. Viewers learned about registered New York stallions, breeding farms that produce NY-breds, and the accomplishments of NY-breds in the auction ring.

Print ads promoted outstanding performances by NY-breds and educated breeders about our new, morepermissive mare residency rules. The Fund also supported Cornell Cooperative Extension's outreach to young people through 4-H and farm tours to help the public gain appreciation for the farms and farm workers that make it possible to raise Thoroughbreds in the Empire State. Additionally, the Fund supported the National Museum of Racing and Hall of Fame outreach to the public and to children in particular.

Below are the TAA-approved facilities and organizations that received support from the Fund:

- ACTT Naturally
- Akindale Thoroughbred Rescue
- Equine Advocates
- Finger Lakes Thoroughbred Adoption Program
- Lucky Orphans Sanctuary
- Old Friends at Cabin Creek
- ReRun Thoroughbred Adoption
- Second Chance Thoroughbreds
- Therapeutic Horses of Saratoga
- Thoroughbred Retirement Foundation
- New Vocations Racehorse Adoption/North Country Horses

In addition, the Fund supported Unbridled Thoroughbred Foundation and Equine Rescue Resource, partly based on their assistance in saving the Unadilla 43 (mares).

The Fund's second-largest annual spend is a "sole source" contract with the Saratoga Springs-based trade and membership group New York Thoroughbred Breeders, Inc., which represents breeders in the state. NYTB, Inc. is allowed to lobby lawmakers on behalf of the state's Thoroughbred industry.

NYTB also hosts a website (NYTBreeders.org) that complements the Fund's website (NYBreds.com). The NYTB promotional write-up can be found on pages 104 to 109 of this report.

The Fund recognizes that, in addition to mailing out award checks, it has a responsibility to keep those who have already invested in Thoroughbreds informed about equine health issues and any changes in rules affecting NY-breds. Therefore, we communicate as directly as possible by posting important information on our website (NYBreds.com) and on the Fund's official Facebook page (NYBreds), as well as by sending out e-mail blasts and including information with the award letters that accompany award checks.

Naturally, we also handle phone calls and e-mails on a daily basis, and the Executive Director meets directly with breeders at stallion shows and educational events.

#### **Advertising Platforms in 2022**

- Thoroughbred Daily News online
- BloodHorse magazine
- Daily Racing Form, print and online
- NYRA/Saratoga & Belmont Live broadcasts
- Saratoga Special Newspaper

Decisions on where to spend promotional dollars up to \$25,000 per year are made in concert with the Fund Board's Ad Hoc Committee on Promotion, consisting of the following Fund Board members:

- William B. Wilmot, DVM, Committee Chair
- Breeder member Joseph McMahon
- NYTB, Inc. Executive Director Najja Thompson

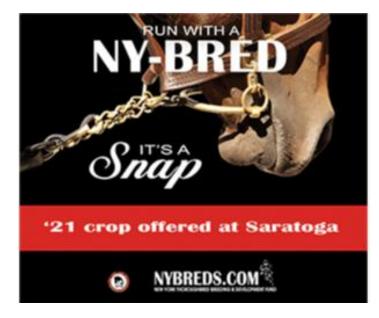

It should be noted that all promotional spends above \$25,000 are approved by the full Board of Directors. Those expenditures in 2022 were limited to:

- NYTB, Inc. under a sole-source contract
- NYRA TV Saratoga and Belmont "Live" broadcasts

The Fund ran television ads and stories on NYRA TV and Fox Sports that were written and produced by the Fund's Executive Director and shot by an MWBE company.

#### NY-Bred Divisional Champions Awards

NYTB's Annual Divisional Champions Awards is the organization's marquee event. New York turf writers and leading industry colleagues, vote for the winners of each division competing in the New York bred program.

Due to restrictions on public gatherings during the height of the COVID-19 pandemic and in the best interest of all members, this event was successfully moved online in 2021 broadcasting on Facebook live and a dedicated website NYTBAwards.com.

In 2022, the Awards returned to an in-person format for the first time since 2019. All winners and their connections were announced across multiple industry outlets and honored in a special event at the Fasig-Tipton sales grounds ahead of the NY-Bred Preferred Yearling Sale.

Former leading New York jockey Richard Migliore, who now serves as a NYRA broadcast analyst was host of the ceremonies.

#### New York Big Apple & Saratoga Showcase Days

Saratoga New York Showcase at Saratoga Race Course affords the opportunity for NYTB and The Fund to promote the New Yorkbred program at the highest level. The day offers breeders and owners a premium hospitality area to enjoy the day of premier New York-breds racing and opportunities to meet fellow breeders in the state and out of state for recruitment and networking.

Apple Showcase Day in May and Empire Showcase Day in October attracts guests, breeders, owners and interested participants in New York-bred program. Held on Memorial Day and around the Halloween Holiday, respectively, Big Apple Showcase Day and Empire Showcase Day is themed around NY-bred engagement and outreach in creating awareness of the program and competing New York-bred horses.

#### NY-bred Preferred Yearling Sale Party

Held at the Fasig-Tipton Sales Pavilion, The Pre-Sales Cocktail Party in advance of the Fasig-Tipton NY-Bred Preferred Yearling Sale is held after the day's races at Saratoga Race Course at the sales grounds restaurant area creating a private and exclusive atmosphere for New York breeders, owners, and sales participants. The party features a Summer in New York-Themed Soiree with specialty New York Themed culinary selections and complimentary beverages.

#### New York Aftercare Day

NYTB in partnership with NYRA, NYTHA and the New York State Thoroughbred Breeding & Development Fund created and hosts, annually, the New York Thoroughbred Aftercare Day at Saratoga Race Course. Working in partnerships with Thoroughbred Aftercare Alliance-accredited facilities in the State, the day is used to promote and raise funds for NY thoroughbred accredited facilities and educate the public on the care breeders have for their equine athletes into a post-racing career.

#### October Educational Seminar & BBQ

NYTB facilitates a yearly educational seminar for its membership and the NY-Breeding community focused on improving horsemanship, veterinary care, and the quality of NY-bred produced and foaled in New York State. The seminar is held at the Fasig-Tipton Sales grounds and is routinely receives over 100 registered guests, annually.

#### NY-bred Holiday Party

The pre-breeding season event of the year is the holiday party hosted by NYTB and the Fund in celebration of the NY-Bred program. The annual event for members and key participants in the New York racing community is held in celebration of the program's previous year achievements and the next year's upcoming breeding season.

In 2022, the event was held at the National Museum of Racing, the evening featured exquisite butler-passed hors d'oeuvres, chef-attended dinner stations and a feature film from the Hall of Fame on the horse racing industry.

#### TAKE2 Second Careers for Racehorses & Aftercare Day

The New York Thoroughbred Horsemen's Association (NYTHA)'s TAKE2 program, develops second career opportunities for retired Thoroughbreds. NYTB & The Breeding Fund supports this initiative, yearly.

TAKE2, the aftercare program creates new avenues for Thoroughbreds after their racing days are over and expands the demand for the breed in the horse show world. As part of the TAKE2 program, NYTHA, NYTB and the Fund cosponsored a Top New York-bred Award at the Retired Racehorse Project

competition in Lexington, Kentucky, NYTB also partnered with TAKE2, NYTHA, and the New York Racing Association (NYRA) to create Aftercare Day on July 21st at Saratoga Race Course. The day honored retrained off-the track thoroughbreds with participation from Thoroughbred Aftercare Alliance accredited organizations in New York State. Showcasing the skills and talents the thoroughbreds have learned and raising money and awareness aftercare.

#### Booth at Saratoga Race Course

NYTB promotes the NY-Bred program and the Fund at its Saratoga Race Course booth daily during the 40-day meet. Located near the paddock and clubhouse. The booth is utilized to distribute and drive promotional materials to on-track attendees. Additionally, the landmark

can be used as a meeting place and landmark for NYTB members and those interested in the NYbred program.

#### National Thoroughbred Owners & Breeders Conference

Developed by The Jockey Club and the Thoroughbred Owners and Breeders Association. OwnerView assists both current and prospective Thoroughbred owners. The organization returned in an in-person format in 2022 at Saratoga Race Course hosting a series of virtual. Thoroughbred ownership conferences in 2021. Each featured panel discussions with prominent industry participants and were educational networking events with owners and industry representatives. The Fund courtesy of NYTB was a host sponsor to the New York based conference presenting NY-bred program materials and participated on a panel to find the next generation of breeders and owners encouraging individuals to become involved in racing and the breeding industry.
