OSC Budget Request (Part 203) - 2021**

Public authorities are required to provide information regarding their budget and financial planning to the Office of the State Comptroller (OSC) pursuant to New York Codes, Rules & Regulations, Part 203, Chapter V, Title 2. The data is collected in the "OSC Budget Request (Part 203)" tab in the Public Authorities Reporting Information System (PARIS).

§ 203.6 (a) An explanation of the public authority's relationship with the unit or units of government, if any, on whose behalf or for whose benefit the authority was established.

The NYS Thoroughbred Breeding & Development Fund (Fund) is a public benefit corporation organized pursuant to Sections 251 through 257 of the Racing, Pari-Mutuel Wagering and Breeding Law enacted by the New York State Legislature in 1973. The Fund's mission statement is ***"To promote by monetary incentives the responsible breeding of quality thoroughbred racehorses in keeping with the founding legislation to preserve New York's irreplaceable farmland."***

§ 203.6 (b) A description of the budget process, including the dates of key budget decisions.

July 2020 – The 2021 budget process begins with estimated revenues and expenses provided to the Audit Committee by Fund management based on historical information, trends, and analytic review. The projections are reviewed by and discussed with Audit Committee members to determine a final budget.

July 14, 2020 – The Audit Committee approves the 2021 budget proposal and recommends submitting it to the full Board for review and approval. A draft of the budget proposal is provided to Board members prior to the August 2020 board meeting.

August 4, 2020 – The Board approves the 2021 budget.

§ 203.6 (c) A description of the principal budget assumptions, including sources of revenue, staffing and future collective bargaining costs, and programmatic goals.

See 2021 budget documents in PARIS and on the Fund's website under "Reports and Filings."

§ 203.6 (d) A self-assessment of budgetary risks.

Budgetary risks include Fund revenues received as a percentage of revenue from on-track and off-track thoroughbred handle in New York. This revenue source accounted for approximately 28% and 29% of the Fund's revenue in 2019 and 2018, respectively.

The Fund also receives a percentage of revenue from Video Lottery Terminals (VLTs) at Aqueduct Racetrack (Resorts World) and Finger Lakes Gaming and Racetrack. In 2019 and 2018, VLT revenues from all sources accounted for 64% and 63%, respectively, of the Fund's total revenue.

The Fund historically pays out more than 85% of its revenues in awards and purse enrichments. Rates paid to breeders and owners are reviewed and approved by the Board annually. Due to a substantial decrease in revenues in 2021 due to COVID-19, the Fund's board increased the percentage of awards withheld until year end from 10% to 50%. The percentage withheld by the Fund until the end of the year is to ensure that the Fund has sufficient revenues to pay all awards. The amount withheld was paid to breeders and owners at a rate of 100% in both 2019 and 2018.

OSC Budget Request (Part 203) - 2021**

Budgets are reviewed by the Fund's management and Board monthly. The monthly report shows monthly and year-to-date totals for budget, actual, prior year and any variances. A rolling budget assists the Fund in determining the effect of current-year activity on year-end projections, and any necessary adjustments can be made on a timely basis. At the June 2020 board meeting, the 2020 budget was revised to account for the decrease in projected revenues.

§ 203.6 (e) A revised forecast of the current year's budget.

The Fund uses a rolling budget model that replaces budget projections with actual revenues and expenses on a monthly basis. This report is sent to Board members monthly and is reviewed with members at quarterly Board meetings. At the June 2020 board meeting, the 2020 budget was revised to account for the decrease in projected revenues.

§ 203.6 (f) A reconciliation that identifies all changes in estimates from the projections in the previously approved budget or plan.

The Fund uses a rolling budget model that replaces budget projections with actual revenues and expenses on a monthly basis. This report is sent to Board members monthly and is reviewed with members at quarterly Board meetings. At the June 2020 board meeting, the 2020 budget was revised to account for the decrease in projected revenues.

§ 203.6 (g) A statement of the last completed fiscal year's actual financial performance in categories consistent with the proposed budget or financial plan.

See December 2019 Budget to Actual report on the Fund's website under "Reports and Filings".

§ 203.6 (h) A projection of the number of employees, including sources of funding, the numbers of full-time and full-time equivalents, and functional classifications.

See 2021 Budget documents in PARIS and on the Fund's website under "Reports and Filings."

§ 203.6 (i) A statement of each revenue-enhancement and cost-reduction initiative that represents a component of any gap-closing program and the annual impact on revenues, expenses, and staffing.

The Fund has developed a budget to project revenues and expenses for current and future years. These projections are compared to actual activity and environmental changes on a monthly basis. Any unexpected activity is discussed and adjustments made to the remaining budget in a timely manner in order to avoid significant deficiencies at year end. In addition, the Fund currently withholds 50% of award payments until year end to insure the Fund's net position at the end of the fiscal year.

§ 203.6 (j) A statement of the source and amount of any material non-recurring resource that is planned

No planned use of non-recurring resources.

§ 203.6 (k) A statement of any transactions that shift material resources from one year to another and the amount of any reserves.
